*Kick Start Your Dream
Career*

Build your corporate Career

Educate to Elevate is committed to help fresh graduates to kick start their career with right guidance and mentoring. A one-year apprenticeship program to set the right foundation for your corporate career. This program will help you to bridge the gap between the academic curriculum and skills needed for industry.

How it works ?

CHIACON CONSULTING
Your Vision ! Our Mission !

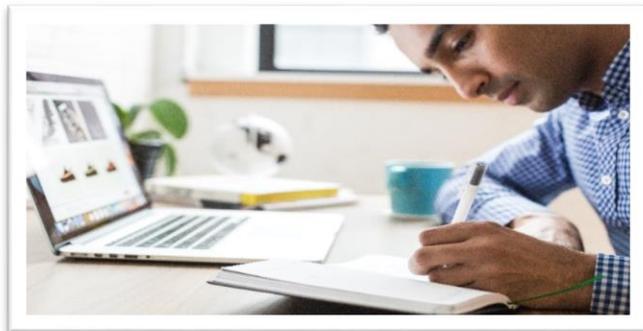

Why is Chiacon doing this?

We at Chiacon, really want to bring in a change and thus targeting to polish the raw diamonds. We aim to convert the raw engineering graduate talent to a huge talent pool who can embrace change and embark on super successful career journeys in the corporate of their choices.

Every year in India millions of Engineering graduates pass out from colleges but end up in a career which is not related to the education. In fact, a lot of fresh graduates really faces challenges to get the first opportunity. This is primarily because of 2 reasons.

1. Huge Gap in academic curriculum and Industry needs
2. Lack of correct guidance and mentoring

Taking up this challenge, Chiacon has brewed a program to bridge the gap for Engineering graduates. Educate to Elevate program is specially crafted to cater to today's dynamic industry requirements. We envision to change 10,000 engineering graduates life by 2025
